

## **CANS Grant Administration Assurances**

This template is to be used to provide detailed information on the organization's capacity and/or partnerships in place to provide the necessary capacity for timely completion, collaboration, and ability to meet program requirements.

The description of organizational capacity should include an evaluation of capacity based on past performance, staff and/or partner roles and qualifications, and partnerships. Applicant can identify specific grant-awarded projects they have completed or can demonstrate collaboration and relationships with other entities to ensure the project can meet program requirements and be completed in a timely manner.

New applicants or applicants with no prior Federal award history will not be reviewed negatively.

Describe organizational capacity:

If applicable, describe the formation of partnerships used with this project:
